# OUR INSPIRATION OUR STORY

## From timber import to international trade group

On the 1st of October 1919, founder F.J. Beerkens began Fetim as 'Fijnhouthandel Haarlem' (Fine woods trader) and focused on the import of hardwood. As a result of the exclusive import rights of Cawitt plywood, with which all Fokker aeroplanes were built, the company experienced considerable growth in the early years.

At the beginning of the 1970s the company focused on the emerging do-it-yourself market. The company quickly recognised the potential of the latest trends and in doing so, laid the foundation for the current Fetim.

These days, Fetim supplies a wide range of products such as storage solutions, bathroom fittings, window decoration, ventilation systems and homeware, made according to the latest trends and techniques using a broad variety of materials.

After more than a century, Fetim Group has become an internationally operating company, selling products in over 40 countries worldwide.

# THE DURALINE COLLECTION

Storage and tidying up starts with Duraline. Duraline offers an extensive range of storage solutions such as; wall racks, floating shelves, shelf supports, rail systems and storage racks. These products come in a variety of colours, styles and finishes that will look perfect in any interior.

Tidying up is finding a good balance between the things you have and the space you have. With Duraline's storage systems, there is always a suitable, stylish solution for your storage needs. Duraline storage can be used for any room in the house, from kitchens and bathrooms to bedroom. You can use your walls cleverly with trendy shelves to display your favorite photos and keepsakes, or garage storage options to create a storage system with upright systems, storage baskets and hooks.

A tidy house reflects a tidy mind ... make room for things that really matter.

# CUBES

It's not difficult to create a fun wall with the Duraline Cubes collection. There are endless possibilities with our wide range of colours and shapes. Make your wall more playful by using various sizes. A stylish and practical way to store and show your favourite items!

# LINES

The Duraline Lines collection offers an extensive range of hallway storage solutions in a graphical style and finish which looks perfect in a variety of interiors. You can cleverly utilize wall space with trendy shelving to display your favourite items. The Lines collection characterizes itself by the use of high-end steel wire, mirrors and hooks, which create graphical shade lines on your walls. The collection contains several items, including a shelf with mirror, storage boxes, small shelves and hooks available in all trendy colours.

# CLIPS & RAILS

Duraline has an extensive range of clips, whether it is for storage purposes, decoration purposes or both! These clips can easily be combined with our Duraline boards and glass shelves. The newest addition to this range are the wooden clips and a new folded steel clip, on trend and fitting with all our new boards.

# BOARDS

Duraline shelving boards come in a wide range of colours and sizes. There is always a style that fits your interior. The Duraline shelves can be easily combined with our clips and brackets. All boards are equipped with two holes which can be used to mount the shelf invisibly using the 12mm pin.

# FLOATING SHELVES

Every home deserves something special. We present you our collection of solid and hollow floating shelves. The hidden mounting system makes it appear as if though the shelf is floating. Our new Push & Fix system makes wall mounting 100% invisible, strong, solid and secure. It's an easy way to maximize vertical storage space even on the most narrow wall spaces. The Duraline floating shelves collection exists of a wide range of decors. Have a look at our specials and natural wood items.

# PUSH&FIX

To help keep your life and home organised, we are constantly improving and innovating our range of products. Besides inspiring you with the latest trends, we also aim to surprise you with state-of-the-art technologies. We are excited to bring to you an innovation that will make it even easier to hang your floating shelf on the wall.

Our design team has developed a special plug which is fixed within the shelf. Once you have mounted the bracket on the wall, you simply slide the shelf over the bracket and it attaches itself firmly to the bracket fixing.

## Benefits:

- Easy mounting of floating shelves.
- The shelf will be fixed firmly and securely, with less risk of wobbles.
- The 2 screws in the bottom of the shelf are no longer required.
- Wall mounting is now 100% invisible.

The plug is already fixed within the shelf.

Push the shelf over the bracket. The plug will expand and the shelf is firmly fixed.

The shelf will now be 100% invisibly attached and you no longer have screws on the bottom of the shelf.

The maximum carrying capacity is 30 kg.

# FLOATING SHELVES WHITE LABEL

This is our standard floating shelves range. A hidden mounting system makes it appear as if the shelf is floating. It's an easy way to maximize vertical storage space even on the most narrow wall spaces. The white label floating shelves collection exists of a standard range of decors.

# FREESTANDING SYSTEM & WALL SYSTEM

The new Duraline storage system creates a modern, functional open storage solution, which can be used in multiple ways for clothing, books, shoes, gardening equipment and more. The holes in the storage system create the possibility to easily adjust heights. The Duraline storage system has various storage add-ons to create your own customized system assembled with minimal tools. The system has a matt black and matt white finish and is available in a hanging and standing version. Both systems have to be wall mounted.

# RAIL-SYSTEM

The rail systems allow you to easily mount multiple shelves above each other. The shelves are adjustable in height, simply by moving the brackets up or down. This system is available in single and double brackets with matching uprights as well as a heavy loading capacity. We offer rail systems in 50mm and 32mm slot distance in the colours white, silver, black and galvanized.

## CHOOSE YOUR RAILS

PRODUCT	HIGHT (L) (CM)	 <b>MAXIMALE DRAAGKRACHT</b>

# PICTURE HANGING SYSTEM

These picture hanging systems are a beautiful, safe and a flexible way to decorate your wall. There are multiple ways to style and restyle your frames, postcards and pictures to the wall. For every hanging need there is a solution available. In this range we have wall and ceiling mounted rails fitting for your DIY project. The modern picture hanging systems have an extensive range of accessories. Some of the rails have a white primer finish, this allows you to paint them in the same colour as your walls. The primer rails are clearly marked with a paintbrush on the package.

# FURNITURE LEGS

Duraline has a wide range of furniture and table legs. Whether you are looking for minimalistic, modern, classic or industrial style, our table legs are suitable for any interior. This surprising and aesthetically appealing range of table legs combine beautifully with your table top or desk. All furniture legs are equipped with a mounting plate and/or screw thread. Available in wood, steel, aluminium and plastic. The newest items to this range is the Outline leg inspired by the contour of a table leg.

# TV SUPPORTS

These sturdy functional TV mounts are suitable for screens from 10 to 70 inches.  
The standard holes in this mount are suitable for VESA in sizes 75x75 to 600x400.  
Due to the matte black colour, it is barely noticeable and fits well with the screen.  
This product is designed to be installed on timber, stud walls or solid concrete walls.  
This product is for indoor use only.
